	WHITE	W			

KRONA360XT935G Krona 360 | Specto-XT Maintained | 935 Lumen Output | Grey finish

**What is Specto-XT Radar?**

The latest high frequency sensor technology Specto-XT Radar is mounted directly to the LED light engine, integral to the luminaire and is designed for applications where the luminaire aesthetics and impact rating are important factors.

Specto-XT Radar offers energy saving through presence detection and daylight control, user control via timed override from the Specto-XT website.
